

ELITA SELECT LOW PROFILING BED

Product Code:

HLB560

Description:

- The Elita Select Low is a premium scissor action profiling bed which complies to the highest standards and lowers to just 290mm from the floor.
- Provides exceptional care whilst maintaining a warm aesthetic.
- The scissor set up means the Elita Select Low can be fitted with a low foot board, making it one of the most attractive beds in the Elita range whilst still maintaining user safety.
- The four profiling sections provide optimum comfort and clinical support, and can be independently adjusted by users using the ergonomic lockable handset.
- Fully customisable, comes with multiple colour, side rail set ups and headboard and footboard options as well as optional auto regression.
