

1. Identify nurse call system type

Quantic requires HJM310 cable.

InterCall, Chub & SAS requires HJM309 cable.

Aid Call requires HJM309 cable and HJR076 adapter.

Courtney Thorne requires HJM309 cable and HJM02 adapter.

Medicare requires HJM309 cable and HJM355 adapter.

2. Base kit for each room

Receiver HJM340

Transmitter HJM341

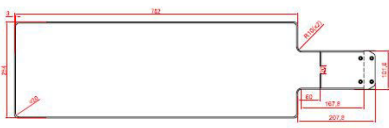

3. Add extra transmitters (if required)

System will run up to 8 transmitters (HJM341)

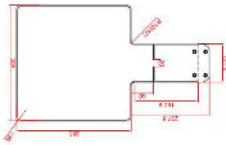

4. Add the sensor mats to connect to the transmitters (any combination of the below)

Bed sensor with pocket for transmitter (HJM343M)

Seat sensor with pocket for transmitter (HJM343S)

Floor sensor mat (HJM301)

Will require (HJM342) cable to connect mat to transmitter

5. Guardian can also be used with earlier Harvest falls alarm system

To use Guardian with the earlier wired sensor mats you will require a (HJR078) cable to connect to each wired mat.
