

HALO™

Product Code (Small): **HLDW.HALO.S**

Product Code (Large): **HLDW.HALO.L**

The Halo™ is a simple, effective solution designed for optimal bed protection and functionality in any care or home environment. This innovative accessory is a discreet and robust barrier that safeguards your beds, walls, and surrounding furniture from accidental collisions and impacts. The Halo™ simply "clicks" around the bed's castors, providing protection without being obtrusive.

Designed for seamless operation and maximum efficiency, the Halo offers a practical solution that saves valuable time and effort for your care team. It is compatible with a wide variety of bed models, including ultra-low floor beds, ensuring a versatile protection solution across your entire care environment.

The Halo™ is designed to be installed on beds with outboard castors (castors on the corners of the bed) and works on beds with 50 to 100 mm castors.

HIGHLIGHTS

**Impact
Protection**

**Simple
Installation**

Important Safety Notice

Harvest Healthcare Ltd. supplies equipment and appliances to cover a range of medical conditions. Specific choice of equipment is the sole responsibility of the clinical practitioner or carer overseeing individual patient care. Harvest Healthcare Ltd supplies a range of products such as foam mattresses, active air mattresses, fall protection mats and bed rail protection bumpers. These products are usually covered in vapour-permeable PU fabric that could cause a risk of suffocation in the event of prolonged facial contact. Mattress risk categories are to be used as a guide only. Risk assessments specific to the user must be carried out prior to the use of all products. Products and data continually undergo development and may therefore deviate from the details given.
