Prime Comfort Static Mattress

The Prime Comfort Static Mattress is a quality mattress made of high resiliency foam, offering great pressure relief while remaining cost effective for any care environment. The foam is castellated for comfort and to facilitate air movement inside the mattress, reducing heat build-up, and the castellations are zonal for effective pressure relief. Suitable for patients at high risk of developing a pressure ulcer, up to 28 stone (177kg).

KEY PRODUCT FEATURES

- **Zonal Castellated Foam:** Castellations are zoned across the mattress for effective pressure relief.
- **High Resiliency Foam:** Quality foam construction giving great pressure relief at a cost effective price.
- **Improved Airflow:** Castellations facilitate air movement inside the mattress, reducing heat build-up.
- **Anti-Bacterial PU Cover:** Water resistant cover with welded seams and a Crib 5 fire rating.

HIGHLIGHTS

- **Zonal Castellated Foam**
- **High Risk Pressure Relief**
- **28 Stone Max Patient Weight**
- **Improved Airflow Reduces Heat Build-Up**
- **3-Year Warranty**

Important Safety Notice

Harvest Healthcare Ltd. supplies equipment and appliances to cover a range of medical conditions. Specific choice of equipment is the sole responsibility of the clinical practitioner or carer overseeing individual patient care. Harvest Healthcare Ltd supplies a range of products such as foam mattresses, active air mattresses, fall protection mats and bed rail protection bumpers. These products are usually covered in vapour-permeable PU fabric that could cause a risk of suffocation in the event of prolonged facial contact. Mattress risk categories are to be used as a guide only. Risk assessments specific to the user must be carried out prior to the use of all products. Products and data continually undergo development and may therefore deviate from the details given.
